

Industrial, Power and Medical Electronics Production 2014 – 2019

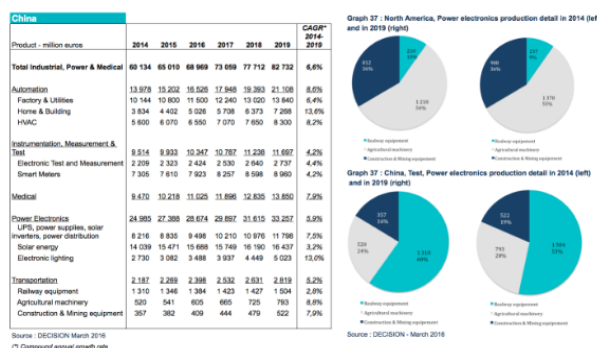

All the industrial electronics segments detailed till 2019 for every region in the world in a single report

→ Over 80 pages, of which 60 pages of **production analysis** (trends & issues), and 20 of tables and graphs

→ **Regional structure and forecasts 2014 - 2019 year by year** for Europe, North America, Japan, China, Other Asia-Pacific, Rest of the World

→ Detailed analysis of over **30 product categories** covering all industrial application markets:

- Automation
- Instrumentation, measuring & test
- Medical
- Power electronics
- Transportation

DECISION
ETUDES & CONSEIL

CONTENT

1

Automation

1. Factory & Utilities Automation

- a. Motion control & drive (excluding transportation)
- b. PLCs, DCS, NC
- c. Industrial robots
- d. Material handling & logistics

2. Home & Building Automation

3. Heating, Ventilating & Air conditioning

2

Instrumentation, Measurements & Test

1. Electronic test and Measurement

- a. Automated Test Equipment (ATE)
- b. General purpose electronic T&M instruments
- c. Communication & Network test equipment
- d. Electronic weighing systems

2. Smart meters

3

Medical Electronics

1. Medical instrumentation

- a. Imaging Systems
- b. Cardiac Rhythm Management
- c. Other Diagnostic and Treatment Equipment

2. Patient medical environment

- a. Connected objects
- b. Domestic patient environment

4

Power Electronics

1. Power Conversion

- a. UPS (Uninterruptible Power Supply)
- b. Power supplies (laboratory & industrial), battery chargers
- c. Solar inverters
- d. Power distribution

2. Solar energy

- a. Solar panels
- b. Concentrated Solar Power (CSP)

3. Electronic Lighting

- a. LED Lighting
- b. Other Lighting Technologies
- c. Intelligent Electronic Lighting

5

Transportation

1. Railway equipment

- a. Rolling stock market
- b. Rail Control market

2. Agricultural machinery

3. Construction & mining machinery

EXECUTIVE SUMMARY

EXCEL TABLES : 20 TABLES OF PRODUCTION FORECASTS

PDF and Excel files

Content

Price

2 500 €

World overview + detailed forecasts for Europe, North America, China, Japan, Other Asia Pacific, ROW

Note: in France only, a 20% VAT will be charged additionally.
